

Old Plains

WINE CO & VINEYARDS

The Old Plains Wine Co. was established by Dom Torzi and Tim Freeland in 2002. Their driving ambition was to salvage some of the last remaining old vine vineyards in the Adelaide Plains region of South Australia. These vineyards were generally planted post WWII by Italian migrants & returned servicemen.

The vineyards survived intact until the mid '80's when many were uprooted to make way for market gardens, almond orchards and housing.

Growers generally left an acre or two, or a couple of rows for the family wine. We source fruit from these remnant vineyards and since 2002 have produced a range of shiraz, grenache and cabernet that oozes all the dark fruit flavour that only old vine, hand made, basket pressed wines can offer. Torzi & Freeland use traditional vinification techniques with minimal intervention and gravity fed ferments. Vineyards utilise sustainable growing practices with the fruit hand-picked.
